Address	Refractarios Nacionales S A Thermal Ceramics Centroamericana SA Calzada Aguilar Batres 15-38 01011 Zona 11, Guatemala
Country	Guatemala

PRODUCTS OR MACHINERY

Thermatex 500 Paper is produced from BoroSilicate fibres with the minimum addition of carefully selected bonds, which burn out cleanly in service. The ultra - clean 'shot' free properties of the product promote excellent handling and strength characteristics. This makes the paper ideally suited to the cutting of intricate gaskets. Thermatex 500 Paper can be supplied in rolls, or in sheet form laminated with self adhesive, aluminium foil, or to itself for multiple thicknesses
