PRODUCTS OR MACHINERY

Discover the world of glass

Worldwide-unique: there is no other event, which presents the entire spectrum of the material glass - from production to processing and application right up to recycling.

- 1.217 exhibitors from 51 countries and around 43,000 visitors from 87 countries
- Unique global picture of the entire glass supply chain process
- Unique supporting programme consisting of special shows and congresses
- Best marks by visitors and exhibitors

Main product categories

- Glass manufacture/production technology
- Glass processing and finishing
- Tools, spare and maintenance parts
- Process control technology for glass and glass-processing machines
- Glass applications in the construction industry and façade area
- Solar energy, transparent thermal insulation
- Display glass and laser technologies

COMPANY BACKGROUND / HISTORY

Messe Düsseldorf Group 24 No. 1 events

50 international trade fairs are organised by Messe Düsseldorf, among these are 24 No. 1 events. This means that nearly one fifth of all the world's premier trade shows take place in Düsseldorf.

Successful for over 60 years

In 1947 the North West German Exhibition Company (Nord West Deutsche Ausstellungsgesellschaft mbH - NOWEA) was founded in Düsseldorf, with initially 4,800 square metres of exhibition space at Ehrenhof. Being the first trade fair after WWII, the German Press Exhibition "Deutsche Presseausstellung" attracted 207,000 visitors to Düsseldorf. 60 years later Messe Düsseldorf is among the 10 trade fair organisers posting the highest turnover worldwide.

Added Value for Everyone

We know markets and market players, follow industry developments, and know what moves companies and customers — and we are able to build on this when developing trade fairs and trade fair themes. To make our events so attractive that visitors from around the world come to our trade fairs around the world.

Machinery, Plants and Equipment

Cardboard or plastic? Glass or steel? Whatever you make into a product, you see the most up-to-date production technology at our exhibitions first — at the leading trade fairs for machinery and plant manufacturing. drupa, K, interpack, Glasstec and wire/Tube and their partner events show trends and cutting-edge technologies in their respective industries, and are examples for specialized trade fairs that we bring to our customers all over the world — from Dubai to Shanghai.
