PRODUCTS OR MACHINERY

Glass Colors

Engelhard glass colors are an excellent choice for high volume decorating. Manufacturers of automobile glass, cosmetic bottles, beverage containers and drinkware will benefit using Engelhard colors for glass. Colors can be fluxed to manufacturers' specifications to appear translucent or opaque. Colors are applied and fired onto the product in your process. These products are available by custom color matching. Color selections are virtually unlimited. Frost or etch appearance is also available. Submit color samples or spectral data to our lab. Color will be matched and prepared to agreed upon specifications.

Company Profile of **Automotive & Engineered Coatings**

A service of glasssglobal.com, an affiliate of glasssglobal group.
