Address	Millenium Control Systems Inc.	
	34525 Melinz Parkway	
	Suite 205, Eastlake	
	Ohio 44095	
Country	USA	
State	Ohio	

PRODUCTS OR MACHINERY

Application and Control System Solutions Engineered for today's demanding industrial environments

Hot-End Drive Controls
Defect Marking Control Systems
YCUT Control Systems
Mainline Conveyor Control Systems
Spurline Control Systems
Stacker Control Systems
Coater Conveyor Control Systems

Mainline Control Systems:

Closed and open loop discrete layout tracking designs Multiple destination (unload) glass routing control Redundant and non-redundant controllers Interface with Reliance PDP-11 cutting systems Closed and open loop discrete layout tracking Loss reporting to initiate automatic re-cut Berthing conveyor control Cullet return system interlocks

YCUT separation device selection algorithms

Speedup conveyor drive/clutch control

Trim deck conveyor and tool automatic positioning and trim tool actuation

Score separation tool automatic positioning and actuation

Camera system communication interface

Cullet drop automatic control (standard and mulitple-finger designs)

Powder machine automatic control

Spurline transfer device coordination/control (flow gate, crane, walking beam, etc.)

Jumbo conveyor positioning and alignment control

Jumbo Stacker communication interface

Spurline Control Systems:

Manual pack, mini-stacker and lehr-end stacker single and dual stream spurlines

Network interface to mainline control system

Split corner table covey generation control

YCUT separation control utilizing a dynamic snap roll and speedup conveyor

Rotator and flipper control including automatic cup selection

Camera system communication interface

Cullet drop automatic control (standard and split designs)

Power machine automatic control including variable application coverage

Stacker conveyor positioning and alignment control

Stacker communication interface

Company Profile of Millenium Control Systems Inc.

A service of glassglobal.com, an affiliate of glassglobal group.
