Address	Technoform Glass Insulation North America LLC Technoform Group 1755 Enterprise Parkway #300 44087 Twinsburg, OH, USA
Country	USA
State	Ohio

PRODUCTS OR MACHINERY

TGI-SPACERS are manufactured of stainless steel combined with a high quality plastic polypropylene as a strengthening and insulating material due to its low heat conductivity.

The perfect symbiosis of both materials allows only a very low heat transfer while guaranteeing high tightness against gas leakage and humidity. Thus Technoform has designed a spacer for the "warm edge", which offers low Psi-values for the glass edge, whatever frame material is used. The result is a significant improvement in the thermal transmittance coefficient of windows Uw-value.

Company Profile of **Technoform Glass Insulation North America LLC**

A service of glasssglobal.com, an affiliate of glasssglobal group.
