Address	Chemartin AG Batteriestrasse 2 4103 Bottmingen
Country	Switzerland

PRODUCTS OR MACHINERY

Chemartin is a leading manufacturer of plating chemicals for the preparation of gravure cylinders. For rotogravure plating we produce a wide range of products that are internationally recognized and market leaders in their field.

We also have to offer technically sophisticated plating baths and polishing equipment meeting the highest quality standards for the processing of gravure printing cylinders. Our products are employed on five continents. We are committed to total customer satisfaction and dedicated to ongoing quality improvement designed to uphold our prompt service and rapid product turnaround.

In addition to supplying chemicals and equipment together with around-the-clock technical assistance, we provide an engineering consulting service for plant configurations and chemical laboratory analyses.
