PRODUCTS OR MACHINERY

Easley Resource Group specializes in bringing together professionals and career opportunities within the primary and secondary glass industry. This includes producers of Floatglass, Flatglass, Fiberglass, Optical, Container, Tableware, Ceramics, Specialty, and high performance products. Client companies are normally involved with one or more of the following processes: melting, tempering, grinding, insulating, coating or molding. We perform Retained and Contingency search for many of the best companies in the glass industry. We manage contracting assignments through our partnership with Top Echelon Network, Inc., the worlds most successful placement network of recruiters.

Our energies are directed toward locating and recruiting the finest talent for our client companies operating throughout North America. We work hard to maintain an excellent reputation for immediate and accurate response to our clients recruiting and staffing needs. For job seekers we provide access to top career opportunities. Our client companies are well known and rank among the top manufacturing firms in the U.S.

Our commitment to candidates is to represent them in an open, honest and ethical manner. We strive to provide candidates with opportunities that will enhance their careers and help them achieve their goals
