| Country | Italy                                                                       |

## PRODUCTS OR MACHINERY

glass bottles in various shapes and colours from 20g stoppers to 30l champagne bottles

The factory is nowadays specialized in the production of colored containers, whose tones range from emerald green to blue, from gold to yellow: Pergine allows us to be the only production company worldwide capable of melting glass in 9 colors and therefore giving the most sophisticated shades to the totality of the Vetri Speciali products range.
