Address	ANSUN Protective Metals, Inc. 130 Lincoln Blvd. NJ 08846, Middlesex P.O. Box 4260
Country	USA
State	New Jersey

PRODUCTS OR MACHINERY

Our sputtering targets are used worldwide by insulated glass coaters using all types of cathode systems. More recently, we have expanded our product catalog to now include sputtering targets for solar pannels. These targets are made from continuous cast and rolled alloys including pure zinc, zinc-aluminum, and zinc-tin. They are available in common and custom configurations. We work directly with our customers on developing and prototyping new targets and/or alloys. All machining is provided by our full service on-site machine shop.

Company Profile of **ANSUN Protective Metals, Inc.**

A service of glasssglobal.com, an affiliate of glasssglobal group.
