PRODUCTS OR MACHINERY

Being an all-from-one supplier of machines for flat glass processing, insulation glass production and business software LiSEC can offer complete high-tech solutions for glass cutting, insulating glass production, flat glass processing, laminated glass production, PV-Module encapsulation or flat-bed tempering furnaces. The comprehensive portfolio comprises all ranges of product capacity. From simple, manual machines to fully automated complete systems and individual automation- and software products LiSEC supplies all wants.

High tech and top quality through the most up-to-date fabrication methods distinguish our machines. Our perpetual development and optimization of manufacturing processes have secured LiSEC's position globally as market leader and offer the customer products with the best price-performance ratio.
